

REPLACEMENT NEEDS — Science equipment needs in Ada Henderson School are dramatized by this staff photo of the one sink available to seventh and eighth science students. The inset picture shows one of about two rooms of Ada Henderson desks needing replacement. School officials list major needs

in teacher supplies, desks, science equipment, building repairs, painting and other physical improvements in Yoe High School, Ada Henderson and Yoe Gymnasium. Such needs are the basis for school requests for additional revenue for local maintenance.

By FML

Everything was "industrialized" Tuesday night with Outgoing President Ed Schiller and Incoming President Doc Harden talking up expansion of Cameron industrial hopes.

The backdrop on the stage was a colorful rendition of downtown Cameron with figures engaged in various types of industrial jobs depicted in the background.

Little "factories" and other miniature buildings centered the six long tables while place mats suggested "shares" in the Cameron Industrial Foundation, the by-laws and constitution of which were formulated and approved in January.

Visiting press and Chamber leaders from other communities made favorable comments on Cameron's efforts in the direction of industry.

In one aside, one visitor from Thorndale was "kidded" about leaving his check for \$200 and take his placemat with him. Each mat pictured two drawings of \$100 "shares" in the Cameron Industrial Foundation.

But a number of people took the mats with them as souvenirs.

The past Chamber year has seen some decided moves in preparation for industry's quest. Welcome road signs were purchased, the Foundation by-laws were approved, a bakery began operation, and serious consideration was given as to how to expand Cameron's industrial hopes into reality.

Speaking of Thorndale, that Southwest Milam community also has aggressive men in their Chamber of Commerce.

They were talking of an improvement program along US 79 in their community Tuesday night. A cotton gin and some houses are being moved or dismantled on a wide highway frontage. It looks like something big is developing there.

Candidates File In Six Districts

School board candidates for the Cameron School District and five Milam districts will be elected in board elections Saturday, April 6. No other candidates filed for posts on the Cameron Board at the midnight March 6 deadline.

Three men had filed for election, two of them incumbents. They are: Sam S. White, of Cameron, and incumbents K. D. "Buster" Griffin, of Yarrington, and Alton Fuchs, of Cameron.

The two candidates receiving the most votes will be elected. Griffin and Fuchs are appointees seeking their first elected terms. They were appointed in November, 1962, to fill unexpired terms of Milton Schiller, now 45th District representative, and F. W. Vogelsang, who resigned in September, 1962.

White is seeking a first term on the School Board.

Other school districts and board candidates, including two candidates, including two candidates for

county school trustee, are: COUNTY TRUSTEE — W. L. (Bill) Howell, Precinct No. 3; and B. B. McNulty, Jr., Precinct No. 4.

BUCKHOLTS RURAL — Calvin Shenkir and Arnold Glaser, two to be elected.

MILANO INDEPENDENT — Mrs. Annie Lee Yoakum, Jerry R. Rek and Ray Whited, two to be elected.

GAUSE INDEPENDENT — W. B. Bailey, Bill Gause, and David Wilkins, three to be elected. SHARP COMMON — Eugene E. McCormick, Wayne Lawrence and James C. McQuary, three to be elected.

BURLINGTON COMMON — W. J. Warschak, Paul Oibrich, Julius Futschik and Herman Dorner, Jr., two to be elected.

The Buckholts and Milano systems are 12 - grade schools. Gause, Sharp and Burlington maintain 8 - grade systems.

Perrin Urges Support For City Library Fund

Caperton McCullin Winner . . .

Talk 'Leaves 'Em Laughing'

East - Texan Bob Murphey Tuesday night drew roars of laughter from his Cameron Chamber banquet audience, then urged a community inventory and co - operation for industrial growth.

Amidst a stage backdrop of a Cameron skyline depicting industrial development and decorative miniatures of industrial buildings, about 300 Cameron and Central Texas business and civic leaders listened to the East Texas humorist and saw Judge Don G. Humble present in absentia the McCullin Cup to Cameronite Narvie Caperton.

Gene Smitherman, manager of KMIL, accepted the citizenship award in Caperton's behalf.

SERVICE CITED
Caperton, radio station owner and now administrative assistant to 11th District Cong. W. R. Poage, of Waco was cited for long communication, church work at First Baptist Church, Chamber work and other community interests.

He wired his appreciation for receiving the award, citing it the most important day of his life. Duties in Washington made it impossible for him to attend the banquet.

Also cited was Ollie Chamberlain, who received a plaque for contributing 1962's winning slogan: "Little Jewel on Little River." Chamberlain, parts manager for Burkes - Howard Chevrolet, won the slogan contest over a field of 200 entries.

Incoming Chamber President O. B. "Doc" Harden congratulated Outgoing President E. O. Schiller, Jr. on his leadership and presented him with a plaque for his service to Cameron.

Schiller reported several 1962 successes including completion of a Cameron Industrial Foundation constitution and by - laws, location of Cam - Tex Bakery, holding Little Jewel Jamboree and buying road signs, one - day membership drive gaining 49 new Chamber members and other projects.

In a brief acceptance speech, Harden pledged his efforts to continue work toward a unified Chamber program encouraging industrialization, civic improvements and other goals of a seven - point plan.

MANY ANECDOTES

Humorist Murphey kept his Chamber audience "in stitches" with one anecdote after another about life in rural East Texas. He is an attorney from Nacogdoches and a former federal district attorney.

But he concluded his remarks on a serious note that urged doing away with "cliques and jealousies." "They ain't going to get it," he said.

He recommended an inventory of streets, schools and other community features, saying that industry is attracted by good schools, streets, law enforcement and other attributes showing the community takes care of itself.

John Schigut, Chamber second vice-president, introduced Murphey Jack Prescott, first vice - president, introduced out - of - town guests from Taylor, Temple, Thorndale, Waco, Dallas, Rosebud, Rockdale, Hearne and other Cen - Tex cities.

Also introduced were retiring directors: A. W. McCullin, Henry Siebman, W. L. McIntosh, Morris Epley, Earl Curtis, Gus Elley, Judge Humble and Schiller.

Two groups of vocal numbers were presented by a choral group of Ada Henderson boys, "Polly Wogs from Little River." They were directed by Mrs. E. J. Burkes.

The Rev. Kenneth Haley gave the invocation. Women of the First Methodist Church served the dinner. Stage backdrop and place mats were created by Mrs. Robert Ellett, of Cameron.

State - Sen. Watson

To Address Meeting

State Senator Murray Watson will address a meeting of Milam Farmers Union 7330 p. m. Friday at Yoe High School Voc - Ag Building, according to President Dicky Ellison.

The public is invited to attend the meeting and to hear Senator Watson, who represents Milam-Bell and McLennan Counties, Ellison said.

It will be family night for Milam Farmers Union Members.

Cultural Center For Youngsters

E. A. Perrin, Cameron Library board member and civic leader, Wednesday outlined the needs of Cameron Public Library, which seeks \$2,500 in city maintenance support.

Addressing the Cameron Rotary Club, Perrin noted the importance of cultural centers such as a community library to the future of children.

He said the library is a repository of valuable historical records as well as books for children and adults.

He noted that the special referendum ballot April 2 in Cameron will allow a vote for or against the \$2,500 city fund.

"It means little more than \$1.50 additional city tax per year for the average property owner for the upkeep of a public library in Cameron," he told Rotarians.

City officials have said 5 cents per \$100 valuation would allow enough revenue to set up a special library maintenance fund out of the City's general revenue fund.

REVIEWS HISTORY

Perrin reviewed the history of the Cameron Library, noting that a building program was proposed in 1961, but fell short because there was no adequate source of maintenance funds. Before the library was moved to its present location, it was supported by funds from the North Milam United Fund.

"Too often we don't give a library proper thought," he said. "I have sought and found historical data in libraries in towns in Iowa and Massachusetts."

"A history of Milam County could be organized and stored in the materials and records of the Cameron Library," Perrin added. "If we had the opportunity such vital information could be placed in our library."

"A library affords an opportunity to read that comes only through its facilities," he emphasized.

SAMPLE OPINION

He said the City vote will sample opinion on the library fund proposal. It will be a ballot separate from the regular City Council ballot.

And Perrin noted that Rockdale has completed a new library with the donation of \$12,500 from a doctor in California in memory of his mother.

"We ask your consideration on this referendum," he concluded.

Perrin is speaking in behalf of the Library Board and the maintenance fund proposal before various women's and civic groups. He is scheduled to make two talks over KMIL.

He was introduced by Dana Kestbaum, Rotary Club president.

Last Rites Wed. For Mrs. Bickett

Last rites for Mrs. A. W. Bickett, 89, were held Wednesday at the Marlow Baptist Church. The Rev. C. A. West, the Rev. Eugene Strickland and the Rev. John Hart officiated. Burial was in the Marlow Cemetery.

Mrs. Bickett died Monday afternoon in a local hospital after a short illness. She was a life - long resident of the Marlow community. She was the daughter of a Milam County pioneer family, Mr. and Mrs. W. P. McDermott. She was a member of the First Methodist Church of Cameron.

Survivors include four daughters, Miss Lenora A. Bickett and Mrs. T. R. Allen both of Cameron, Mrs. Olene Hanson of Houston and Mrs. M. H. Ethridge of Fort Worth a son, W. M. Bickett of Rosenberg, a sister Mrs. Winnie Witliff of Cameron; two brothers, Giles A. McDermott of Cameron and Charlie McDermott of Dallas, eight grandchildren and four great - grandchildren.

Active pallbearers were H. F. Witliff, Make McDermott, Turett Burnett, Bill McDermott, Charles McDermott, Lyle McDermott, G. B. McDermott, Sam McDermott Jr., Ray McDermott and Johnny Ethridge.

Honorary pallbearers were Oxsheer Smith, C. S. Terry, Drayton McLane, Sr., R. L. Batte, Jr. John S. Batte, Carl Black, Julian Baskin Morris Coward, George Jones, S. W. McClaren Jr., John A. Smith, William Arthur, Buck Angell, John Muse, John Henderson Sr., Homer Nabours, Nig Moody, R. J. Woodum, H. H. Stedman, John W. Baker Dr. C. G. Swift, Dr. W. R. Newton, Lester Williams, George Fisher, E. O. Schiller Sr., Jess Kirk, W. C. Wallace, C. W. Bradbury, Roy Law, A. H. Baskin Jr., Albert Schilder, L. H. A. Fuchs, Temple Cord, Charlie Friemel, Monroe White, Albert Matula, William Whitaker and Alvin Roberts.

Rockdale Lions Host

Annual Minstrel

Fri. and Sat. Nights

The Rockdale Lions Club will hold their annual Minstrel Show Friday and Saturday night. Each show will begin at 7:30 p. m.

There will be seven scene changes and acts of all types. There will be the Rockdale Rockettes, the Minstrel's Dixieland band, a comedy act, the Geensslobs, a square dance act, Buffalo Bill and the Frontier Playboys, a beauty contest plus other acts.

The Lions Club is selling tickets for the show at 90 cents for adults and 25 cents for students 14 and under.

The show will be held in the Rockdale High School Auditorium. The show will not be staged anywhere but in Rockdale this year.

Library Support Booming . . .

Interest, Donations Grow

Cameron Public Library has become the focal point of numerous contributions and activities during the past week, according to Miss Mildred Thornton, Library Board president.

A story - telling hour has been established for youngsters from the first through third grades. The first hour will be held 10:30 a. m. Saturday, March 30, at Cameron Library. Mrs. James Kahler, Library board member, is directing the program.

A number of pieces of furniture and equipment have been donated to the Library during the past week.

NEW FURNITURE
Miss Thornton noted that two chairs, a settee, three children's benches, a coffee table, an electric

heater and a tree light have been contributed.

Contributors include Epley's Furniture Store, Wilson Jewelry Store Tindall Supply Co., First National Bank, the Delphian Club, Cameron History Club, Three Arts Club, Pleasure & Profit Club and Cameron garden clubs.

The furniture and equipment are being placed in the story room of the Library in preparation for a regular series of story hours this spring, Miss Thornton said. Another story hour for children is being planned for March 23, but plans are still incomplete.

The Cameron Delphian Club will meet in the Library 3:30 p. m. Tuesday, Miss Thornton said.

The Cameron Library continues to add books for children and a

adults. Encyclopedia Britannica for adults and a Junior Set for youngsters have been added through contributions from the Cameron Rotary and Lions Clubs.

SERIES OF TALKS

Library board member E. A. Perrin is addressing a number of Cameron groups on the program the Library is conducting for improvement and ultimate growth to a new building.

Miss Thornton also noted that a showing of local artists' canvases will be held in the Cameron Library in the next week. Art by several Cameron area artists will be on display starting Thursday.

Plans also include placing of artwork in the Library for permanent display.

On Milam's Farms and Ranches

News About Milam Farmers, Their Interests, And Activities

Sorghum Midge Damages Grain

By J. D. Moore
Milam County Agent

A small orange-colored insect, the sorghum midge, has made early planting of grain sorghum a must, especially in the Blacklands. Odds are five to one that farmers in the Blacklands with late maturing grain sorghum will produce less than half as much per acre as with early maturing fields.

But, say entomologists and agronomists of the Texas Agricultural Extension Service, it is easy to escape midge damage. Fortunately, they add, the practices used to escape midge damage usually pro-

duce the highest per acre yields in areas where the little insect is a factor.

Date of planting is highly important in early maturity. Six years of study at the Temple Agricultural Experiment Substation show highest average yields have come from March plantings. In two of the six years, the specialists say that some early April plantings gave slightly higher yields, but after mid April, yields generally have dropped 50 percent or more.

The best planting date bet, they say, is March with early April a nervous second and later dates too risky for even a gamble. Mid-March plantings are suggested for the southern Blacklands and late March for northern counties.

They point out that early maturity also depends upon balanced soil fertility. A hybrid grown on land where plant nutrients are in balance will bloom from six to eight days earlier than one planted on land where fertility is out of balance. If plant foods have not already been supplied, Fertilizers later as a sidedressing, the specialists explain.

Many hybrids are available, they say, but suggest a mid-maturity one such as RS 610 for most Blackland growing conditions.

Control of the midge by chemicals depends upon proper timing of insecticide applications. Research has shown controls must be applied within a one to four day period following 90 per cent emergence of heads. Detailed information on the midge problem and adapted hybrids are available at the county agent's office.

\$12,711.25 Total

For Screwworm

Program In Milam

Livestock producers of Milam County have given a total of \$12,711.25 to the screwworm eradication program of the Southwest.

Funds are now on hand to continue the eradication program until Sept. 1, 1963. The total of three million producer funds has not been reached, but officials of Southwest Animal Health Research Foundation feel that the amount will be reached soon.

Anyone that has not contributed may do so to local committees at Rockdale, Milano, Gause, Thorndale, Burlington, Buckholts or at the Milam County Farm Bureau office in Cameron.

Milam ASCS

Report

Alva E. Sanders, county office manager of the Milam County Agricultural, Stabilization, and Conservation Service has reported that enough cotton acres were released in the county to take care of all the requests for additional acres. Revised cotton allotments have been mailed by the ASCS office to farmers who released their allotments and to those who requested additional acreages.

The ASCS has also mailed reminders to farmers who have 1962 grain sorghum under loan that their loans will mature on March 31. Unless the loan is repaid on or before April 1, the unredeemed loan collateral will be acquired by the Commodity Credit Corporation. The producer will not be entitled to any additional amount if the market value exceeds the amount of the loan plus interest and charges.

Sanders suggested that those having grain sorghum under loan, keep close contact with the market price since it may be to their advantage to repay the loan and market the commodity.

In order to repay a loan and redeem the warehouse receipt, the producer must remit to the ASCS office funds payable to the Commodity Credit Corporation for the principal amount of the note, plus interest at the rate of 3½ percent, Sanders said.

Spring Sowing Of Small Grains

COLLEGE STATION — Because of winter kill in many parts of the state, farmers and ranchmen may find it profitable to plant spring oats, says R. J. Miears and I. M. Atkins, agronomists at Texas A & M College.

Though spring oats are usually of poorer quality and yield lower than fall sown oats, successful crops can be produced if adequate moisture is available, the agronomist say. However, they warn that diseases are more prevalent at this time of the year because temperatures are more favorable for their growth. High temperature may also cause shriveling of oat seeds during the fruiting period, they add.

Varieties recommended for most parts of the state are Alamo-X and Alamo. Spring planting of oats is not recommended in Central and East Texas, however. For detailed information on a variety for your area, the agronomists suggest a visit with the local county agent.

County Agri. Agent

COMMUNITIES PLAN SPRING CLEANUP
Local communities participating in the Texas Community Improvement have made plans for carrying out spring cleanup activities.

Mother Nature has started her green-up and a rough winter will soon be history. The Branchville, Davilla, Gause, and Griffin Chapel communities have made adequate preparation and set aside a sufficient amount of time needed for a good spring cleanup job.

Adult and youth groups in these communities will participate in such activities as cleaning cemeter-

ies, cleaning up and disposing of the winter's collection of trash and debris around homes. These communities are also encouraging the removal of safety hazards around farms and homes which endanger life, property and health.

Figures released by the Texas

Farm and Ranch Safety Council indicate that farm families lose about eight hundred lives and 163 million dollars worth of property annually through fires. About 11,300 farm residents are killed in accidents and another 950,000 injured. More than 22 per cent of all farm

accidents occur in the home; 19.5 percent in barns and other buildings, 19.2 percent in traffic and 18 per cent in fields.

A general cleanup of homes and farms will remove many fire and accident hazards. County-wide efforts in this area are encouraged.

Decision Time Near On Feed Grain Program

COLLEGE STATION — Grain producers have until March 22 to decide whether or not to participate in the 1963 Feed Grain Program. The decision is sufficiently important, says C. H. Bates, extension farm management specialist, that all commercial growers should consider the income possibilities of the alternative choices.

Budget forms are available from the offices of county agents for use in figuring estimated returns under the program for both compliance and non-compliance. Bates suggests contacting the local county agent for assistance in using the forms.

In general the 1962 program is similar to the one in effect last year. The grower agrees to reduce his feed grain acreage, corn, grain sorghum or barley, by at least 20 percent; to comply with the diversion as shown by his sign-up papers and add the acres taken out of grain production to conservation use. This acreage, explains Bates, is in addition to the farm's base acreage in conservation use.

The specialist notes a change in the substitute crop provision. A percentage of the minimum diversion payment is available when the diverted acres are planted to certain crops. These and the percentage of payment are: Sesame, 40 percent; guar, 30 percent; castor beans, 30 percent and sunflower, 20 percent.

Feed grain producers having questions regarding any phase of the 1963 program are advised to contact their county Agricultural Stabilization and Conservation Service staff for detailed information. And, reminds Bates, the final date for making a decision on whether or not to participate is March 22.

LOW-COST WATER TREATMENT — Austin Engineer David E. Sayre is pictured checking his newly developed pilot plant for the desalination of brackish waters. The "electrolytic" process gives promise of a major breakthrough in this vital field of water treatment. Power costs for operating the plant are amazingly low — from a few mills to pennies per 1,000 gallons. This could mean, in the very near future, the economical treatment of the nation's vast saline water supplies for industrial, agricultural, and municipal uses.

Teen-Agers Have Opportunity To Serve In Temple VA Center

Teen-agers wishing to serve as Junior Volunteers at the Temple VA Center this summer should make appointments now for the required personal interview. Applications will not be accepted after the close of March.

Appointments for interview may be made by writing or phoning M. L. Harper, Director, Voluntary Service, at the VA Center; phone RA 8-1391, extension 267. Applicants will be interviewed by appointment only, from 8 a. m. to 5 p. m. daily, except Sundays, during the last two weeks of this month.

The applicant must be accompanied by a parent or guardian at the time of interview. Harper reports the Junior Volunteer program offers unlimited training opportunities for teen-agers during their vacation months. They are given their choice of selecting assignment in many career fields, are given training in their selected field, and receive on-the-job experience under professional supervision.

Serving as a Junior Volunteer is a wonderful opportunity for teen-agers to get an insight of the very many areas for career work. The program has proved to be a great factor in helping teen-agers decide upon their future occupation, Harper states.

Fifty Enter In

O. J. Thomas Fair;

Winners Named

More than fifty projects were entered in the O. J. Thomas Science Fair last week. Visiting science students and teachers from Rosebud, Caldwell and Rockdale attended the fair as well as many local citizens.

Two lectures on careers in science were made to the high school students by W. S. Turner of Cameron and L. H. Washington of Rosebud.

Winners in various divisions were Group I Grades 1-3, first place Grade 1Y; second place, Grade 2Y and third place Grade 3X.

Group II, 4-6 grades, first place, grade 5; second place grade 5 and third place 6X.

Group III, 7-9 grades; first place, P. Townsend, H. Canady and B. Hardeman with Solar System; second place, Alfred Whiteside, Production of Electricity; and third place K. Anderson and T. Mayse, Hydroponics.

Group IV, consisting of Mathematics, Chemistry and Physics, first place, Janice Floyd, Carbon Dioxide Output in Man; second place, F. Kelley, Gases of the Atmosphere and third place H. Kelley Soil Analysis.

Group V - Biology, first place, Hazel Bailey, Photosynthesis; second place D. Reeves Growth of Molds and third place, Frances Lewis, types of blood.

They may choose to serve in Laboratory, Dietetics, Recreation, Dental Clinic, Radio, Library, Nursing, EKG Clinic Medical Illustrations, Pharmacy, Contact, Clinical Psychology, Occupational Therapy Physical Therapy, Education and Speech Therapy, Arts - Craft, Corrective Therapy, Ward Hostess, Escort, 16 mm. Motion Picture or as Clerk Typist or Filing Clerk.

They may select their days of assignment but must serve at least two days per week or 100 hours during the summer months. Their duty hours will be from 8 a. m. to 4 p. m.; no evening assignments.

While on duty, the Junior Volunteers must wear the adopted candy-striped uniform, which they purchase themselves. Uniform for the girls consists of red - white striped pinafore, white blouse and low-heeled white slippers; for the boys, red - white striped shirt, white pants and white shoes.

Both boys and girls, ages 15 - 18, are eligible to serve as Junior Volunteers. Only 75 may be selected for the program this summer.

Maysfield — Stuart Hartsfield In Local Hospital

By Mrs. J. P. Wise
Stuart Hartsfield is a patient in St. Edward Hospital in Cameron. His niece Miss Sue Ida Smith of Kingsville spent the weekend in the Hartsfield home.

Roy Newton who has been a patient in the Newton hospital is recuperating at his home.

Mrs. Ralph Massengale is a patient in a Marlin hospital. Mrs. A. L. Massengale is visiting relatives at Lufkin.

Mrs. Fred Jackson left Wednesday for a visit with her son and family Mr. and Mrs. Fred Jackson and sons at Beaumont. Mr. Jackson joined here for the weekend. Steve and Lloyd Cooper, sons of Mr. and Mrs. Carl Cooper of Temple spent the weekend with their grandmother Mrs. W. C. Cooper.

Services Held For

Ruby Carlton

Funeral services for Mr. Ruby Carlton of Beaumont were held 5 p. m. Wednesday in Beaumont. Burial will be in West Columbia Thursday.

Surviving are two sisters Nina C. Wilkerson and Mrs. Edna Howard and a sister-in-law, Miss Lila Meyer all of Cameron.

BIRTHS

Roderick Wade, 8 lb. 9 oz. son born Feb. 22 to Mr. and Mrs. Jack Dennis Ruzicka of San Marcos. Grandparents are Mr. and Mrs. Jess Weber and Mr. and Mrs. Jack Ruzicka of Buckholts.

April Draft Call

Quota Numbers 471

AUSTIN — The state quota for Texas draft boards in April calls for 471 men, Colonel Morris S. Schwartz, state Selective Service director, announced Tuesday.

The state's April call of 471 compares with a quota of 404 for March and 173 for February. The April call is the state's share of a national quota of 10,000 men, all for the Army.

Colonel Schwartz also announced that local boards would send 1,680 men for pre-induction physical and mental examinations.

Local board quotas for the April call already have been figured and sent to the state's 137 local boards.

The April quota will be filled with men who are at least 22 years old on April 1, except volunteers and those legally termed delinquent under the draft law, who may be younger.

VA Insurance

Holders Advised

Veterans drawing compensation or pension from the Veterans Administration and who are also GI insurance policy holders are urged to have their insurance premiums deducted from their compensation or pension payments, Glyndon M. Hague, Manager of the Veterans Administration Regional Office in Waco, said today.

This will not only avoid the chance of a lapsed policy, the VA pointed out, but will also save the veteran the time and expense of drawing a check or money order and mailing it to his VA insurance office.

Veterans who are drawing retirement pay can request the branch of the service with which they are connected to make out an allotment from their retirement pay to cover their GI insurance premium payment. This, too, saves time and

35 Rural Accidents

In 5 County Area

BRYAN — Sgt. Paul Allen, Supervisor for the Texas Highway Patrol in the Bryan area released the Brazos, Burleson, Lee, Milam and Robertson Counties rural accident summary for the month of February 1963.

For the month of February 1963 Sgt. Allen's rural traffic accident records show a total of 35 traffic crashes resulting in no deaths, injury to 11 people and the combined property damage amounted to \$35,435.

For the same period Milam County recorded a total of 10 accidents, resulting in no deaths, injury to 2 persons and the combined property damage amounted to \$10,750.

expense and guards against a lapsed policy.

Information and assistance may be obtained from the VA Regional Office, 121 South Sixth Street, Waco

VA Survey Shows

Upward Trend

For Assistance

The peak of the Veterans Administration program providing educational and training assistance to war orphans is expected to be reached this year, a long range VA survey showed today.

It is estimated that nearly 24,000 children whose veteran - parent died of a service-connected disability will take advantage of this VA benefit during 1963. In 1962, more than 20,500 took part in this program, the largest number thus far to participate.

Glyndon M. Hague, Manager of the Veterans Administration Regional Office in Waco, said the study revealed that the program is expected to drop slowly from this peak until the year 1895 when less than 300 war orphans are expected to be enrolled.

CAMBERON, TEXAS, HERALD, March 14, 1963, Page 3

Those who are eligible are the children, generally aged 18 to 23, of veterans whose deaths resulted from injury or disease originally incurred or aggravated in the line of duty while on active service.

The surviving parents may or may not have remarried and the

child in question may be either married or single and still be eligible. The parent or the guardian of the child must file an application with the VA. Schooling either aimed toward a college degree or toward training the child toward a vocational goal may be provided for as long as 36 months.

In the open test that tears 'em apart...the Daytona 500 Ford durability conquered the field

1st, 2nd, 3rd, 4th, and 5th

NUMBER STARTED	NUMBER FINISHED	POSITIONS
12 '63 1/2 FORDS	9	1, 2, 3, 4, 5, 10, 11, 17, 24
5 '63 CHEVROLETS	2	9, 14
7 '63 PONTIACS	3	7, 8, 13
5 '63 PLYMOUTHS	3	6, 10, 23
2 '63 DODGES	0	
1 '63 CHRYSLER	0	

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963½ Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story...car endurance that takes brutal punishment and comes back for more. No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking . . . and all the other things that go into Ford's concept of total performance.

These were the same '63½ Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

IF IT'S FORD-BUILT, IT'S BUILT FOR PERFORMANCE...TOTAL PERFORMANCE

HEFLEY-STEDMAN MOTOR CO.

DO IT BETTER Electrically!

HEAT-COOL flamelessly!

"See, Betty, it's like the man said . . . we just set the thermostat and for get it."

And mother is right. Regardless of how often or how rapidly the outside temperature may change, the flameless electric heat pump automatically keeps the inside temperature at the comfort-level you select. The heat pump provides fresh, draft-free air the year 'round . . . pleasant warmth in the winter, delightful coolness in the summer.

If you're planning a new home, include a flameless electric heat pump in those plans . . . or, ask your electrical dealer about the low cost of installing a heat pump in your present home.

State Basketball Tourney Full Of Thrills, Upsets

Special To The Herald

By Joe Davis

Yoe Basketball Coach

Once again the state basketball tournament proved to be as full of upsets as it was exciting. The tourney, always serving as a media to convey to all the idea of championship basketball brought together the best 24 teams, according to class, in the state.

Many of these teams began to season without any idea that the last game of the season would find them in Austin playing for the state championship... however for some this is something that, though a tradition of a perennial trip, it is accepted and perhaps something that is looked forward to.

Buna, Class AA champion falls into the latter as they once again walked away with the crown for the 3rd straight year. Depending upon their defense and the great offensive play of All - State Center John Hatch, Buna walked away from Gladewater 71-39 and in the finals, Cannon 58-49.

The state champions and their classes were: 4A, San Angelo over Spring Branch; 3A, Clear Creek over Seminole; 2A Buna over Canyon; A, West Sabine over Woodboro and B, McAdoo over Prairie Valley.

Of course any championship meets brings into its confines many outstanding players. However there are always a few through whose efforts, offensively and defensively, tend to stand by themselves as the outstanding player or players.

I was very impressed with the play of 6'2" guard, Gary Sibley from Hurst - Bell (3A) of Ft. Worth a sophomore with an 18.4 average. Minton White, a 6'4" guard was probably the finest all - around player in the tournament. His tremendous effort was almost a one man show in the finals as San Angelo beat slightly favorite Spring Branch (Houston). His season average was 23.6 and reportedly is Texas U. bound.

John Hatch, 6'1 1/2" senior pivot from Buna, who looks like anything but a basketball player took up the responsibility of a real

HANDOFF - Amos Doskocil, left, hands the baton to Frankie Dorner as they practice their sprint relay handoffs for the upcoming track meet in Taylor's Cotton Bowl Relays Saturday. The two sprinters will be joined by Tommy Hughes and Clark Wohleb in the relay

champ (he had been on two prior championship teams) and kept Buna out in front of a fine Canyon Eagle team. Hatch, planning on entering the ministry, is undecided on which school he will attend.

Bob Bebert, 6'6" Canyon pivot man was a very bright light for the West Texas team. His rebounding and scoring kept Canyon in the running until the last few minutes

of the game. John Glover, who was the number one choice on the 4A All-State team this year, proved just this to the tournament crowd. Glover, a 6'7" senior from Thomas Jefferson (defending state 4A champs), scored 31 points against Burbank (San Antonio) to clinch third place after being upset by a fired up Spring Branch team in the opening round. His average for the season was 24 points per game.

The highlight of this year's tournament was that Clear Creek, after six prior unsuccessful attempts at the 3A crown, finally broke the ice and went home with a big silver round ball for the trophy case. McAdoo was the smallest school in the tournament with only 37 students in high school and only 15 boys in the 37. They had 14 boys out for basketball and the one left behind had not passed his grades or he probably would have been there.

The Thomas Jefferson Rebel followers probably made the greatest impression at the meet. Each time the Rebels played, their supporters were there by the hundreds waving their Rebel flags. Some spectators felt the South was surely rising again. They easily depicted the kind of basketball they expected their team to play.

For some young Cameron athletes it was exciting, a new experience, great... and then as if a promise, "we're going to be there someday, coach!"

SCREWBALL - The sportswriter who predicts a coach will have a winning season.

SACRIFICE - The sanity a man gives up to go into coaching.

HIT - AND - RUN - What to do against a big guy who picks on you.

UMPIRE - An arrogant blind man who persecutes clean - out American boys.

BRUSH HIM BACK - How to handle a jaywalker who crosses in front of you.

CUT OFF - Favorite tactic of the woman driver.

SUICIDE SQUEEZE - Demanding a raise after a losing season.

Harlan Mees and T. F. Gilleland hit the pins for a 583 and a 570 series.

CYO Tops Bryan Teams; Continues To Lead District

The Cameron CYO boys and girls volleyball teams continued to lead the Cameron District as they remain undefeated.

The boys dropped the St. Joseph CYO of Bryan 15-9 and 15-6 and also topped the St. Anthony boys 15-1 and 15-3.

The girls also defeated both teams as they dropped the St. Anthony team 15-8 and 15-3 and then won over the St. Joseph girls 15-10 and 15-8.

The local teams play at the Simon - George Hall in Cameron this Sunday. They will play the Dime Box and Bremond teams. It will be the last home games for the local teams and a win over these teams would give both teams the crowns.

Members of the girls team, which is coached by James Barta are Barbara Barta, Jo Ann Hol-las, Judy Mueck, Gladys Humplik, Jo Ann Pagach, Mary Francis Hurtik, Carolyn Jistel and Sandra Barta.

On the boys team are Eugene Schattile, James Barta, Pat Dillon, Mike Mikula, Joe Mayer, Dennis Moraw and Wayne McLerran.

The public is invited to come to the games Sunday which start at 2 p. m. There is no admission charge.

28th Relays To Be Held Sat. Mar. 23

The 28th Annual Cameron Invitational Track Meet will be held on the Yoe Track March 23 and 39 entries have been received according to Relay Director John Roberts.

He told the Herald that the preliminaries will begin at 1 p. m. and the finals will start at 7:30 p. m.

Trophies will be given to the winners of each of the 4 relays, the high point team and the high point man.

The trophies are on display in a Schiller Pharmacy window this week, he said.

The Cameron Booster Club will help with the running of the track meet.

The meet has provided some good time in the past years. Here are the records of the meet.

120 YD. HIGH HURDLES - 1956 Donald Beard of Thorndale, 14.6

100 YD. Dash - 1954 Stone of Navasota and John Martin of Reicher (Waco) 9.9 sec.

440 YD. DASH 1956, Smith of Port Arthur, 50.8.

180 YD. LOW HURDLES - 1956, Patterson of Waco, 19.9

440 YD. RELAY - 1956 Port Arthur and 1961 Taylor 44.6

880 YD. DASH - 1955 Baugh of Midway, 2:03.8

220 YD. Dash (Straight Away) - 1956 Poole of Weimar and 1959 Flood of Waco, 21.9 sec.

220 YD. DASH (Curve) 1962-John Martin of Reicher, 23.0 sec.

800 YD. RELAY - 1962 - Martin 1:33.6

ONE MILE RUN - 1962 - Barrett of Manor 4:32.3

ONE MILE RELAY - 1961 - Georgetown, 31.4.

POLE VAULT - 1961 Oliver of Llano 11 ft. 6 in.

HIGH JUMP - 1954, Carter of A & M Cons. and 1962 Ardlt of Giddings, 6 ft. 1 in.

BROAD JUMP - 1960 Jim Lindstater of Brenham, 21 ft. 1 1/2 in.

SHOT PUT (12 lb.) - 1956 Richard Inman of Belton, 55 ft. 6 1/2 in.

DISCUS THROW - 1959, Harry Turner of Spring Branch, 153 ft.

SPRINT MEDLEY RELAY - 1962, Taylor, 3:45.8.

In last year's meet Taylor took first place, Hillsboro second and Hearne third.

Track Team Enters

Cotton Bowl Relays

In Taylor Saturday

Coach C. T. Everett has announced the track team line up for Cotton Bowl Relays in Taylor this Saturday.

He said that the track preliminaries will start at 1:30 p. m. and the finals will start at 7:30 p. m. Finals in all field events except shot put will start at 1 p. m. and the Shot Put will begin at 2:30.

Sprinters will be Amos Doskocil, Tommy Hughes, Frankie Dorner, Clark Wohleb and alternates will be Eugene Wallace and Mike McDaniel.

On the 880 yard relay team will be Phil Eanes, Dennis Jistel, Doug McFarland and Wallace or McDaniel.

In the distance races will be Charles Wise, Bill Kilgore, Russell Wise, James Pavelek and John Duffy.

Throwing the shot will be Eugene Schattile and possibly McDaniel and Mike Koranek. McDaniel and Koranek will throw the discus. Merlin Lester, Mike Perrin and Paul Edmonds will be the high jumpers for this meet.

Dickie Ponder and Mack McKinney will be the broad jump and McKinney will run the high hurdles.

BASEBALL

TEAM MEETS

ROGERS HERE

The Yoe High baseball team swings into action next week as they meet Rogers on the Cameron Field at 4 p. m.

Raymond Bennett, baseball coach said that twelve boys were out for the sport. They are Larry Pientl, Mike Mikula, Laurence Laffere, Larry Paul Manley, Bill Davenport, George Bowman, Don Swanzy, Ronnie McWilliams, James Hoskins, and Bob Dymke.

MAKE MORE MONEY From Your Cotton Crop

APPLY LIQUID FERTILIZERS TO YOUR SOIL AND WATCH YIELDS GO UP!

Apply all your fertilizer requirements with one field trip using our liquid applicator. You are able to put down your nitrogen and Phosphate requirement in one application.

Save time and money - no need to handle the heavy bags - We furnish the applicator and nurse tanks - delivered to your farm at no charge to you.

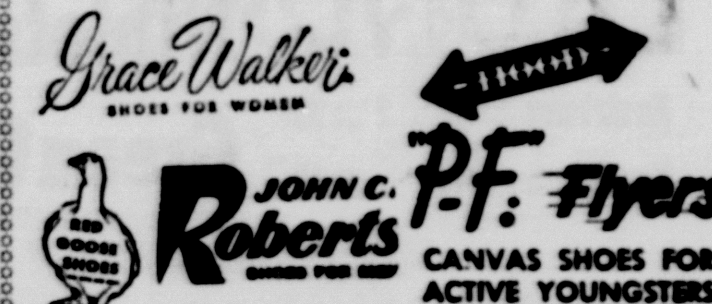

Come by Mack's - have a cup of coffee and let us help you work out your fertilizer program.

Bring your soil sample to us - we pay half of the cost - it is good business to test your soil. After you do come to us and let us work out the best program for you.

Austin Rites For Former Resident

Funeral services for Mrs. Margaret Morris Pringle, 65, were held in Austin Wednesday, March 6 and interment was at Austin Memorial park. Mrs. Pringle died March 3 in Seaton Hospital after a short illness.

Mrs. Pringle had resided in Austin for the past 23 years. Prior to that she had lived in Cameron for more than 20 years where she and Mr. Pringle operated hotels. She was born in Paris County, La. in 1897 but moved to Texas at an early age. She lived with her family in Lott until she married Jack Pringle in 1920.

Survivors are her husband John D. (Jack) Pringle, Austin; two sons Howard Pringle and Wiley Pringle both of Austin; two daughters Mrs. Juanita Frederickson of Abilene and Mrs. Vera Brown of Austin; one sister, Mrs. Lela Morris and one brother, Will Morris both of Lott and four grandsons.

Mrs Schiller Gives Fleur-de-lis Talk

The Fleur-de-lis Garden Club met Tuesday evening at the home of Mrs. Alton Fuchs. Mrs. James Kahler was co-hostess.

Mrs. Frank Schiller presented a program on wild flowers, "Nature's Fragrant Gifts."

Mrs. Monroe Fuchs reported on the district conference during the business meeting.

Arrangements of mums decorated the home. Angel tarts and coffee were served following the program.

Card Of Thanks

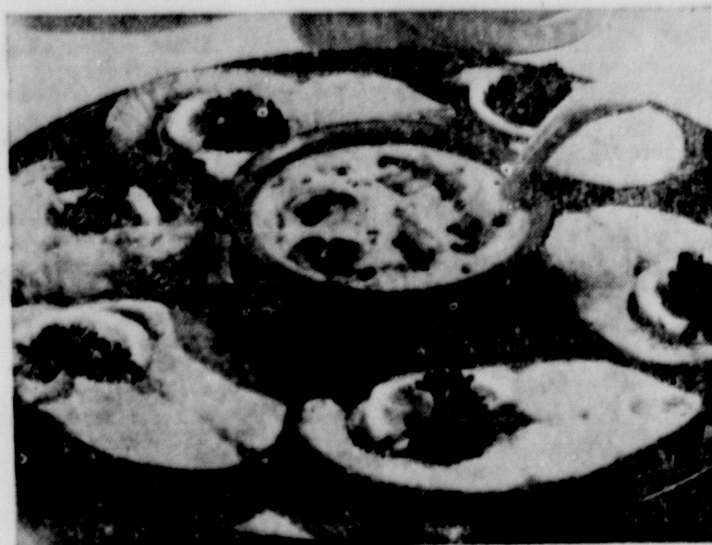

We wish to express our sincere thanks and appreciation to all our friends and neighbors who were so kind to us during the death of our dear beloved husband and father.

We especially thank Rev. Aubrey Russell and Dr. W. R. Newton and Dr. Niglaszo and the staff of Newton Memorial Hospital.

May God Bless each of you is our prayers.

Mrs. Jess Gunn
Mrs. Frank Susik and Family

Prepare "Souper" Lenten Meals

From lakes, streams, rivers and coastal waters comes delicious fish. A delightful and versatile food, it's high in nutritional value and relatively low in cost.

There are about 160 varieties sold in the United States yet only about seven species are well known to the average consumer across the country. Salmon, often called the king of all fish, is one of the better known. Fresh salmon has a characteristic rich flavor with a fine yet firm and moist texture. A savory treat when, like all fish, it's cooked properly. Remember, short cooking is the secret.

Broiled salmon steaks are a delicacy alone and a gourmet meal when served with a delectable sauce. For one that complements the rich salmon flavor combine canned condensed cream of celery soup with fresh sliced mushrooms, minced onion, parsley, a bit of tarragon, and lemon juice.

Sliced cucumbers in a vinegar dressing are a nice accompaniment for this entree. Complete the menu with vegetables of your choice and for dessert, a compote of chilled canned pear halves studded with maraschino cherries.

Celery Mushroom Sauce for Broiled Salmon Steaks

1/2 cup fresh sliced mushrooms
2 tablespoons minced onion
2 tablespoons chopped parsley
Generous dash crushed tarragon
2 tablespoons butter or margarine
1 can (1 1/2 cups) condensed cream of celery soup
1/2 cup milk
1/2 teaspoon lemon juice

In saucepan, cook mushrooms, onion, parsley, and tarragon in butter until onion is tender. Blend in soup, milk, and lemon juice. Heat, stirring now and then. Makes 1 1/2 cups.

NOTE: Serve over 6 broiled salmon steaks (1 1/2 to 2 pounds).

Lanette Laffere In Alpha Phi Sorority

LUBBOCK — Alpha Phi social sorority at Texas Tech has held initiation services for 16 students elected officers and pledged one student for the spring semester.

The Alpha Phi's new spring pledge is Lanette Laffere from Cameron. Ann Courtney of Andrews was named Best Pledge at the initiation banquet.

The Alpha Phi's held their annual scholarship banquet, with Jo Marshall of Arlington and Sharon Wilkerson of Denver City sharing honors for highest pledge average and highest active average, respectively.

Judy Crews of Midland, and Nina Koepf of Dallas, received the award for highest Big and Little Sister average. Mary Jo Henderson, Fort Worth, was named active with the most improved grades and Helen Kimbrough of Richardson was pledged with the most improved grades.

Three Names To Be On Rogers Ballot

ROGERS — There will be three names on the ballot for school trustee in the Rogers Consolidated Independent School District election on April 6, with two places to be filled.

The three candidates and the order in which they will be found on the ballot are: Edwin J. Paschick, Clayton D. Clowers, and Gordon L. Young. The order is determined by the order in which candidates file for the place, according to local board policy.

Births

To Mr. and Mrs. Clyde Paceley of Rt. 1, Milano, a boy, Jerry Lynn 8 pounds 6 ounces, born March 6 at St. Edward Hospital.

To Mr. and Mrs. Oscar Hardison of Rockdale, a girl, Elaine Michell 7 pounds 4 ounces, born March 9 at St. Edward Hospital.

Board Forwards 3 For Induction

Local Board No. 92 is scheduled to forward three registrants for induction and eleven men for pre-induction physical examination to Dallas on March 18.

Booker T. Green, Harvey K. Freeman and Gerardo Tovar will leave for induction.

The following men will leave for physical examination: Walter C. Mayes, Neal Roundtree Jr., Landis F. Jackson, Aquila Knox John R. Schlemmer, Billy F. Parcus, Willie E. Parcus, Nathan W. Fritz, Antonio Olivari, Milton L. Woelfel and Robert DeLeona, Jr.

The following seventeen men registered with the board during the month of February:

Richard Williams, Jr. of Thornedale; Joe Allen Mitchell of Gause; James L. Jones and Tom Shorts, Jr. of Rosebud; Paul Banks, Lloyd L. Gibson, Willie Williams, Jr., Rudy Castaneda and Albert E. Allen, all of Rockdale, Raymond W. Clinard, Ronald B. Litzman, Conrado E. Rangel, Denson A. Ingram Gary W. Biskup and Grady E. McGoldrick of Cameron, Maxie D. Morgan of Holland and Clifford P. Meeks of Ben Arnold, Texas.

Mrs. Holder Speaks At B&PW Meeting

Mrs. Perry Holder showed pictures of her trip around the world and of religious temples and the mode of religion in each country at the recent meeting of the Business and Professional Women's Club.

Miss Lalla Meyers, hostess, served sandwiches, cookies and cakes to six members and one guest.

Mrs. West To Lead New WSCS Study

The First Methodist Church WSCS will begin the study "Dimension in Prayer" Monday. The study will be lead by Mrs. C. A. West.

The study will be given March 18, 19, 21, and 22 from 9:30 to 11 a. m. in the Fellowship Hall lounge. WSCS circles met in the homes Monday with 35 in attendance. The Henderson circle met with Mrs. Rush Thomas, the Perrin Circle met with Mrs. B. L. Franke and the McCullin circle with Mrs. J. Lacy Williams.

By Vern Sanford

An unweighted mullet sank gently into the azure Gulf of Mexico. Raymond Muchowich was holding his light, two-handed rod intently and watching the bait vanish into the depths.

Suddenly, the monofilament snapped taut.

Almost simultaneously Muchowich yanked back on the rod. The tip heeled over and throbbed. The small star-drag reel whined in protest as a speedy king mackerel (kingfish, if you prefer) ripped off monofilament.

Muchowich yelled gleefully as the streamlined fish bored deep. It paused somewhere out in the desolate vastness of the gulf and Muchowich gained back some line only to lose it again, as the king made another frantic run.

After several matching rushes the king settled down to a tenacious battle of give-and-take. Finally, Muchowich worked the king to a spot alongside the boat and we could see its outline in the clear water.

The boat captain stood poised with the gaff.

Suddenly the fish made one of those dash-for-freedom, Muchowich-like dash for freedom. Muchowich brought the line up tight and brought the fish twisting to the surface.

Then it was that the captain struck swiftly with the gaff and brought 15 pounds of flouncing kingfish aboard.

Muchowich looked around and grinned. "What did I tell you?" he chortled. "Great sport, no?"

I didn't have time to answer because I was busy battling one of the sporty fish with my fresh-water spinning outfit. On the light tackle it was cutting all sorts of capers.

Muchowich had brought me out in the gulf to demonstrate the popular new concept of kingfishing.

Most kings are caught by trolling, using derrick-like tackle that will quickly sap the strength of even the largest of them.

Muchowich, who operates a fleet of charter fishing boats out of Freeport, prefers to anchor on an offshore reef and cast for the kings with light tackle. It's immaterial to him whether he fishes with artificial bait such as a large wobbling spoon, or with natural baits like frozen mullet or live shrimp. When using the natural baits he fishes without any weight on the line so the bait will sink slowly toward the bottom.

"The kingfish makes his best showing on that first, fast run," Muchowich explained. "When the boat is moving and you're using heavy tackle, the fish hasn't got a chance. You kill its spirit before it has an opportunity to show what it's made of."

"But on light tackle... well, that's something a fisherman really must try in order to appreciate it."

And appreciating it, I was. As the javelin-shaped fish came up grudgingly from the depth, I realized that this mode of king fishing was indeed sporting.

Herald Editorial Page

Traffic Lanes Of Growth...

Construction signs have been erected for the new US 77 north to the Falls County line, a project of some 11 miles of new base and asphalt paving.

At completion, it will be the final segment of a new US 77 through Milam County. Already completed was the stretch from Minerva to the Lee County line and resurfaced was the SH 36 - US 77 "Y" - to - Minerva road.

Officials also advise that new construction is planned for SH 36 west to Temple. Widening has already begun on the highway east of Temple toward Heidenheimer. Part of the Temple bond issue will be used for a new route for SH 36 through the outskirts of our growing neighbor to the west.

These improvements will channel more traffic through Cameron for east-west traffic. And improvements on the Houston route from Hempstead by Brenham, Caldwell and Milano will increase north - south traffic measurably here.

There is inevitable concern over the bypassing of small communities when the traffic gets so heavy. But when a community works well and wisely for adequate right - of - way for highways, the concern is minimized. Foresight on this count has proved invaluable to Cameron on Fourth Street, now widened except at the underpass.

Perhaps it is worth considering the widening of US 77 North through Cameron after it turns north at Fourth and Travis. This could possibly be accomplished with a minimum of right - of - way needed for the same four - lane treatment that has been marked off on West Fourth St.

Foresight in these matters can sustain valuable property investments and development. It will ultimately benefit the Cameron business community and city and school tax coffers in additional revenue.

Texans travel as much as anybody these days. And they will have increased prospects for driving through and stopping in Cameron. The new roads will make that difference.

European U. S. In Common Market...

The Common Market of Western Europe, assuredly the next major economic at England's attempted entry, is rapidly building an United States of Europe, assuredly the nex major economic factor in world politics.

Tariff barriers have come down on all goods and the flow of people from poverty - ridden South Italy to mushrooming North Germany and France is steady and open.

A question that affects this country's most favorable export, agriculture products, is one of whether the Common Market countries will move to improve European agriculture or continue to industrialize, importing more foodstuffs in exchange for increased export of manufactured goods.

At present, European industry can produce quality goods below American cost factors delivered to American ports. There is movement and provision in Common Market planning for greater allowances to workers, yet nothing like organized labor has won in this country.

Common Market farm products are being protected by an edge of a tariff placed on American foodstuffs at present. But it may be necessary for allowances for our farm exports if their manufactured goods are to come freely into this country.

This whole master plan was tested in the DeGaulle refusal to admit England into the Common Market. There were fears that it would collapse, but it is so well integrated that it cannot. England recognized this powerful organization or she would not have attempted to break precedent from Commonwelath to Continent. Now she hopes to ply world trade.

The least known factor of the Common Market is the super legislative and judicial organizations already functioning in behalf of an united Europe. Though the European Parliament does not enact laws, there is representation from each member country. And a European tribunal rules over European economic matters, superceding national courts or any World Court (vis a vis the UN).

A secret group of ministers actually forges policy through the Common Market countries. And another group of foreign ministers meets constantly to pass on the economic developments in the Market.

So carefully built is this organization, that it can easily move to a super-national status in a period of years, once the economic ties are conclusively binding.

The success of this group of nations can be predicted, almost as easily as the growth of the U. S. was predicted 100 years ago. It seems sure that a third economic bloc, every bit as powerful as the U. S. and more potent than the USSR, is in the making.

The cost of a United Europe will be more than dangers to our agriculture and industrial export. It means a return of European control of world markets and possible control of exchange standards. This would mean moving away from the dollar to perhaps a European mark or franc.

While the U. S. has been busy helping European recovery and the underdeveloped countries, cultured, ambitious Europe has moved to the return of Old World economic superiority without colonies. This country now enters a grand competition.

A Long Distance Call...
makes you feel this close to someone faraway

Miles melt away when you call a distant friend or relative by Long Distance.

Just pick up your phone and you're in touch with out-of-town loved ones, often within a minute.

Station-to-station calls go through at lower rates — at least one-third less than person-to-person calls. Rates are even lower nights and all day Sunday.

Long Distance... next best thing to being there

Dateline Austin — Two Proposals To Spend Money

By Vern Sanford

AUSTIN — Legislators have received two proposals for spending the state's money during the two years starting September 1.

One came from Gov. John Connally, the other from the House Appropriations Committee.

Governor Connally's suggestions marked the first time a new governor had tried to work out a budget after taking office. In his message he dealt in detail with 19 of the major state departments. These are mainly the ones over which the Legislature has direct control.

Connally trimmed fat out of some agencies to provide new money for others. His stress came on higher education. Here he suggested \$14,000,000 worth of salary increases for faculty members and more research and library facilities, as a means of holding good professors and attracting new ones.

To finance his program, Connally suggested that the "temporary" corporation franchise surtax, which has been extended twice before, be retained. It would provide about \$11,000,000 a year.

He also suggested that the 1961 sales tax law be revised to begin taxing clothing under \$10, farm implements and all sales of food by restaurants, and to raise the sales tax on cars and trucks from 1.5 to 2 per cent.

Clothing tax proposal would bring in \$10,000,000 a year. Motor vehicle tax increase would provide \$2,500,000. Farm implements tax would run \$1,000,000.

Fire quickly developed from rural legislators over the proposed farm implements tax.

Both Connally and the House Appropriations Committee proposed expenditures totaling about \$3,100,000,000 during the coming two years.

Before Connally laid out his proposals to the Legislature, he invited Texas newspaper editors to Austin to show them how the state's complicated fiscal structure works. His "illustrated lecture" revealed that the Legislature has actual control over only 15 per cent of the \$3,100,000,000. Rest already is earmarked by constitutional and statutory provisions.

WILL FARMERS FOOT EDUCATION BOOST?

When Rep. Don Garrison of Houston spread before the House Revenue and Taxation committee his bill to boost the Available School Fund by \$3,000,000 a year, a spokesman for Texas farmers and ranchers registered a strong protest.

Garrison plans to get the additional \$3,000,000 by amending the state law that allows a 90½ per cent exemption refund from the State Motor Fuel Tax for gasoline not consumed on the highways. His bill would cut the refund to

73½ per cent.

That 25 per cent cut then would be credited to the school fund.

Charles H. Huff of the Texas Farm Bureau said almost half of the new school fund money — about \$1,500,000 a year — "would be coming out of the pockets of farmers and ranchers."

They get motor fuel refunds of about \$5,700,000 a year — or 49.11 per cent of the usual total refunded. Much of their refund comes from motor fuel taxes paid on farm machinery.

Airlines and private plane owners, who get about 30 per cent for the refunds, would be the second biggest contributor to education under Garrison's bill.

Four members of the subcommittee named to study the bill are from ranch or farm country — Reps. George Cook of Odessa, Ben Barnes of DeLeon, William Davis of Midland, and James L. Slider of Naples. Rep. F. Lee Duggan Jr. of Houston is the fifth member.

HOUSE VACANCY ELECTION

As soon as government officials began recovering from the shock of the news of the sudden highway death of Rep. James L. Lattimore of Corpus Christi, they began studying the election code to see what must be done about filling the seat he left vacant in the House of Representatives.

Customarily, if a vacancy occurs in the legislature when it's not in session, the governor leaves the calling of a special election up to

local officials.

But since the 58th Legislature will be in regular session until May 27, Governor Connally is expected to move fast to provide Nueces County with a needed voice in legislation. A late - April election date has been predicted.

Law states that the governor must call an election within 20 days. But it also provides that candidates must file 30 days before the election.

Last time a tragic death crippled the Legislature was on March 23, 1957, when the late Charlie Heitmann, representative from the Nacogdoches area, died. Gov. Price Daniel gave election notice on March 28 of that year. A new representative was elected in May, in time to spend some three weeks with the 55th Legislature.

MINERAL ESTATE TAX PROPOSALS

Proposals to set up tax procedures on mineral estates, severed from the land, have been filed by Reps. Emmett Lack of Kountze and Clyde Haynes of Vidor.

Proposals are part of a package that should be favored by small-tract landowners and independent oil and gas producers.

One piece of the package is a constitutional amendment to increase the Railroad Commission from three to five members.

Second would give the Legislature the authority to "establish the duration of any interest in an undeveloped mineral estate."

Texas Landowners and Independent Oil & Gas Operators Association contends that some major oil companies hold onto undeveloped mineral interests for an unreasonable length of time.

Two other bills by Lack and Haynes are aimed at forcing development of mineral interests.

One provides that mineral interests would revert to the owner of surface land if no development attempt is made for 10 years.

Second provides for a county tax assessment of no less than \$5 an acre, if the mineral estate isn't developed.

Rep. Bob Bass of DeKalb proposes a 25 - cent minimum tax assessment on each acre of undeveloped mineral estates.

STRONG SUPPORT FOR SCREWORM BILL

Rep. Jack Crain of Nocona had 50 co - signers lined up when he introduced a bill to provide \$2,840,837 as the State's matching share of the \$12,000,000 federal - state - private screwworm eradication program.

Since it is backed by Governor Connally's strong recommendation the bill should be off to a good start.

But the House Appropriations Committee didn't include a provision for screwworm eradication in its 300 - plus page appropriations bill.

Crain said Legislators would seek a separate appropriation to cover the proposed state contribution.

CARS FOR COMMISSIONERS

When county commissioners stopped asking the Legislature to authorize horses and wagons and won the right to drive pickup trucks on the appointed rounds, they thought they were thoroughly mechanized.

THE OLD PHILOSOPHER

Philosopher Comes Out In Favor Of The Beauties Of The Country, Plus Light Poles

Dear editor:

You hear so much about Cuba these days you'd think it was the only problem facing this country, but I read about a problem last night that will get your mind off international affairs.

According to it, a bunch of fox hunters in the horse country in Virginia are up in arms over the plans of a utility company to run transmission lines across their fox hunting territory. The utility company says it's the most economical route to run the lines, and the fox hunters say they aren't interested in economy, they don't want the light poles ruining the scenery.

I don't know anything about the particulars. I'm in the same shape about the fox hunting country as I am about whether there are any missiles in caves in Cuba, the same as the military experts, but I am interested in the theory that an electric light pole mars the scenery.

Understand, I'm in favor of country scenery, got more of it out here than I have crops; there's nothing prettier than the sun coming up across an expanse of open territory on a crisp, crystal - clear spring morning, especially if you can see it through a window while you're under a warm blanket, but it's not a bit prettier than a string of electric light poles marching across a pasture on this Johnson grass farm bringing energy for my electric water pump and television set.

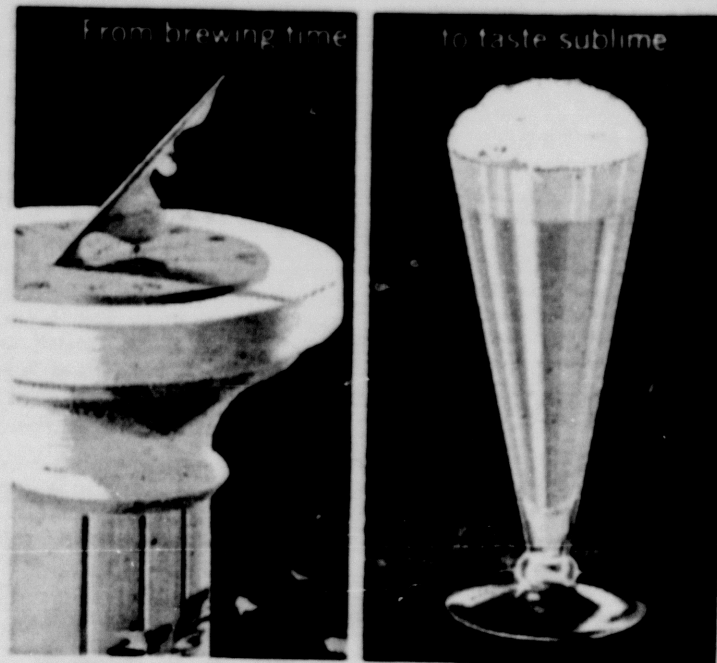

There's nothing more soul - satisfying than getting a drink out of a gurgling spring on a hot summer's afternoon, but I tell you, turning a handle and getting a glass of water out of a hydrant inside your own house is hard to beat, summer or winter.

Hauling a horse to a fox hunt in a man - made trailer pulled down a man - made road by a man - made car and then complaining because there are some man-made electric light poles in the area, is a little out of my field of comprehension.

Me, I'm all in favor of electric light poles in the country. They improve the scenery. I like electricity. I'm in favor of it. The only thing I don't like about it is the electric light meter, but then the only thing I don't like about paved highways is the gasoline tax.

Yours faithfully,
 J. A.

IN TEXAS BEER IS A NATURAL

Brewed slowly, by a centuries-old natural process, beer is Texas' traditional beverage of moderation — light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the millions of dollars it contributes to this state's economy through wages, advertising, rentals, insurance, transportation and utilities. Money made in Texas, spent in Texas. In Texas, beer belongs, enjoy it.

UNITED STATES BREWERS ASSOCIATION, INC. TEXAS DIVISION

JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for you, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense? Conventional pickups have double-wall construction in cabs, doors, lower side panels. Roofs are insulated. Body floors are select wood, not metal. Tailgate chains are wrapped in rubber. If you'd like to examine or drive a new '63 Chevrolet truck, just call us. We'll be right over.

Swine Course Set For Next Week At YHS

A swine short course for adult farmers will be held March 18 through 20 under the sponsorship of the Yoe High School Vocational Agriculture Department, according to Supt. Charles Zeigler, and Bo Tittsworth, teacher of vocational agriculture.

W. B. Thomas, swine specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Husbandry at Texas A & M College will do the instructing in the course. He is headquartered at Texas A & M College.

4-H Club Notes

By Pat C. Garner

Asst. Milam County Agent Miss Jeanie Hrozek, 1962 4-H Queen, will crown the new 4-H Queen at the annual 4-H King and Queen Contest and County Talent Show. This annual event will be held on Saturday, March 16 in the Methodist Fellowship Hall in Cameron at 7:30 p. m.

King & Queen candidates for 1963 are Patsy Stephens and Tommie Thweatt - Rockdale 4-H Club; Kay Ann Eisfildt and Brent Laywell - County Wide 4-H Club; Bonniel Reeves and Leroy Hegar - Thornedale Junior 4-H Club; Patti Davis and Jimmy Herrera - Davilla 4-H Club; Sharon Darby and Arthur Jistel - St. Anthony 4-H Club; Darra Tomek and Edmond Tepera - Marck 4-H Club; LaNell Fitch and Larry Gilbreath - Thornedale Community 4-H Club; Jackie Todd and Johnny Alford - Gause 4-H Club.

The method of selection used for the King & Queen contest is a penny a vote with the club turning in the most money winning. This event is sponsored by County 4-H Council with half the money collected by the candidates going to 4-H Council and the other half to the candidate's local club.

Team demonstrations and talent shows will also be given by several different 4-H Clubs. Winners in each division in the Talent Show and Team Demonstration will represent Milam County at the District Eliminations, to be held in Stephenville in April.

Dennis Jistel, 4-H Council Chairman, will be Master of Ceremonies for the King & Queen Contest. The public is invited to attend.

Thomas holds a B. S. and M. S. degree in Animal Husbandry from Texas A & M College. He has had several years of on - the - farm experience including four years as Head of the Livestock Department of Rio Farms. The livestock included some 300 brood sows.

"Many swine short courses in various parts of the state have been taught by Thomas and all have met with outstanding success," according to Lester Buford, Area supervisor of vocational agriculture, Houston.

Arrangements for the adult education short course in swine husbandry and in other fields are made through Buford's office.

The short course at Cameron is scheduled to begin March 18 at 7 p. m. in the vocational agriculture building. Other meetings in the series of four will be held March 19, 20 and 21. During the dates the short course is in progress, Thomas will be available to assist students with individual problems and to provide on - the - farm instruction, according to Tittsworth.

Farmers interested in attending the short course should write or call the superintendent of schools, Zeigler, or the teacher of vocational agriculture, Tittsworth. An entry fee of \$2.00 will be charged. Swine Husbandry Short Course Certificates are to be presented to each student who attends all the training sessions.

Thomas states that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as selecting and breeding, feeding and feeding requirements, management, disease and parasites, housing and equipment and marketing.

Thomas states that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as selecting and breeding, feeding and feeding requirements, management, disease and parasites, housing and equipment and marketing.

Tickets Selling For Prizes At Spring Carnival

Tickets are selling at a rapid clip for special prizes that will be given at St. Anthony Spring Carnival March 24.

Barney McLerran, ticket sales chairman, said winner of first prize will receive 100 pounds of beef, wrapped or \$50 in cash.

Second prize winner will receive a 6 - transistor radio valued at \$40; third prize is two large "goose down" pillows; and fourth prize is a Tammy doll complete with outfits.

Tickets are 10 cents each or three for 25 cents. McLerran said the winner does not have to be present to receive the prize.

An extra 2,000 tickets were ordered McLerran said.

Students at St. Anthony School are selling the tickets again this week or they may be purchased from the chairman. The drawing will be held the night of the carnival.

In addition to the special prizes, there will be food and games for all ages. Supper will be sold and booths will be open beginning at 4 p. m. at Simon - George Hall.

Jehovah's Witnesses To Hold Temple Meeting April 5 - 7

Fred Starnes, presiding minister of the Cameron Congregation of Jehovah's Witnesses announced that the Watchtower Bible & Tract Society will sponsor a three - day circuit assembly for Jehovah's Witnesses in Temple, April 5-7.

The Municipal Auditorium in Temple will be the site for all meetings, which include morning, afternoon and evening sessions, devoted to Bible talks, discussions and demonstrations on conducting home Bible studies. There will also be a baptism of new ministers on Saturday.

H. A. Fetzik, from world headquarters in Brooklyn, New York will be the key speaker on the program. Fetzik is a graduate of the Watchtower Bible School of Gilead and now is the District Supervisor for Jehovah's Witnesses in Texas. His public discourse will climax the assembly at 3 p. m. April 7. The subject will be "Who Will Win the Struggle for World Supremacy?"

H. B. Lackey, circuit director for congregations in Texas circuit No. 3 will also be a featured speaker. Lackey directs the ministerial work of the congregations to be represented at the assembly.

Starnes further announced that about 600 will be present at the daily sessions. Most of these delegates being from Central Texas.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending March 9 were 28 strep throat, one measles, 95 flu, one gonorrhea and one syphilis, according to Dr. T. E. Crump, acting director of the Milam County Health Department.

In The Service

LACKLAND AFB, Tex. - Andrew J. Startz, son of Mr. and Mrs. H. F. Startz of Rt. 4, Mallard Drive, Robstown, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School here.

LT. Startz was selected for the training course through competitive examinations with other college graduates. He will be reassigned to Laredo AFB, for duty, following training for supply officers at Amarillo AFB.

The lieutenant received his BS degree from Texas A & M College prior to entering the service. He is married to the former Della B. Jurca of Buckholts.

FORT KNOX, Ky. - Pvt. Marcelino E. Flores, son of Mr. and Mrs. Catarino Flores, Rt. 1, Cameron currently is undergoing basic unit armor (BUA) training in Company A of the 1st Training Brigade's 5th Battalion at the U. S. Army Training Center, Armor (US ATCA) Fort Knox, Ky.

During this six - week phase of training Flores will have an opportunity to apply knowledge gained in the just completed eight week of advanced individual armor training (AITA), also with the 1st Brigade. As a tank crewman he will participate in section and platoon level tactical problems.

The 20 - year - old soldier entered the Army last October and completed basic combat training at Fort Polk, La.

Flores graduated from Yoe High School in 1962.

Rogers Band Set Spring Concert

ROGERS - The Rogers High School Band under the direction of Charles Conner will present the annual spring concert in the gymnasium at 7:30 p. m. Friday. No admission will be charged.

Participating in the concert will be the Beginner Band, the Intermediate Band and the High School band. Some program features will be: "Now Let Every Tongue Adore Thee" by Bach; "Two Moods" by Gaudman; "Three Melodies from 'The Magic Flute' by Mozart; "King Cotton", Sousa; "Dixie"; highlights from "The Sound of Music"; Novelty Number narrated by Edwin Simek.

Special numbers will be: "Flirtations" a trumpet trio, by David Wright, Leroy Schiller and Sidney Simek.

Brass Quartet: David Wright, Leroy Schiller, Laney Benefield, Cathy Underwood, Linda Farrell; "Horn Sonata No. Two."

Woodwind trio: Molly Ann Gunter, Edwin Simek, Barbara Smith; "Woodland Dance."

Trumpet Quartet: Paula Raley, Geneva Cobb, Helen Craft, Treena Cannon, "Panis Angelicus."

Cornet Solo: David Synatzke; "The Valiant."

The Band will make a tour of Buckholts, Bartlett and Salado High School and give concerts on March 12.

A Basic Training Course for Cub Scout leaders will be held Monday 7:30 p. m. at the Courthouse in Cameron.

The following courses will be offered for Cub leaders: What Cub Scouting Is; The Achievement Plan and Den and Pack Activities.

Each of you will always be near our heart. God bless you. The families of Mrs. Viola O'field and Mrs. Mary Ada Gilbert.

Red Ranger Club

Contributes Money

To Rogers School

ROGERS — The Red Ranger Community Club has made two contributions to the Rogers Public Schools recently.

In February 1962, the Club gave a check for \$350.00 to the school transportation fund. At the Rogers board meeting March 7, the Club gave another check for \$125.42 with one - half to go to the athletic fund and one - half to the band uniform fund.

The School Board accepted the donations with sincere thanks. The checks were presented by Joe Sebeck and John Joe Hruska.

FOR SALE — Any type of paper you may need. Ream sizes. Call OX 7-4671.

LOW PRODUCERS

Dairymen with low producing cows are in the business for "fun," says Shannon Carpenter, area extension dairyman. Good cows are a necessity for profit making and the only sure way to know their production capacities is by production testing, says Carpenter.

TIRE ACCOUNTS

Repairs and replacement of tires accounts for about 30 percent of the repair costs on farm tractors, says Henry O'Neal, extension agricultural engineer. Proper inflation, prevention of slippage, careful driving and good maintenance practices are suggested as aids for reducing these costs. O'Neal points out that prompt repair of cuts and bruises can prevent costly tire replacements. A farm yard free of nails, broken glass and other hazards will reduce tire trouble.

CARBON DIOXIDE LOSS

The rapid loss of egg quality following laying is due to the diffusion of carbon dioxide through the egg's shell. How to handle eggs, including culling and overwrapping the cartons with a plastic film, to maintain quality is discussed in a new publication released by the Texas Agricultural Extension Service.

Ermis Family Visits Here In Krause Home

By Mrs. George Logan
Mr. and Mrs. Philip Ermis and family of Dallas were here last weekend in the home of her parents Mr. and Mrs. Phil Krause. Mrs. Joe O'Neill and two daughters Peggy and Betty of Waco were in Rosebud and Burlington Friday with relatives and left for Cameron for a visit to Joe's father Leo O'Neill.

Mr. and Mrs. Fritz Wied were in Temple Wednesday for a visit to Mr. and Mrs. Carl McClain. Carl is very ill.

David Krause left Dallas for Abilene where he is employed. He was here on a weekend visit to his parents Mr. and Mrs. Phil Krause.

Friends and relatives here are very sorry to know of the death of Marion Reeves of San Antonio and attended funeral services for him Thursday. His wife is a sister to Roy Lindsey of Burlington.

Jack Ferguson of Waco is visiting Mr. and Mrs. Roy Lindsey. Mr. and Mrs. Lee Gerngross were recent visitors in the home of Mr. and Mrs. Will Kuhn at Cameron Thursday.

Mr. and Mrs. Jake Futschik and family accompanied by Mrs. Ed Olbrich were in Houston last weekend for a visit to Joseph Futschik.

An all - day quilting Bee was enjoyed at St. Michael School building in Burlington Monday. A covered dish luncheon was held at noon.

The Altar Society of St. Michael's Church met Wednesday with good attendance.

Mrs. J. D. Lewis of Cameron was here at the Public School Thursday.

Public school turned out for a short time because of various illnesses among the children last week.

Mrs. Arnold Jergens and Mrs. Ollie Ernst of Rosebud and Mrs. Hollis of Cameron were guests of their mother Mrs. Slama Tuesday.

Joe Geiser is home from Lubbock where he has been employed for some time. He will visit relatives here for awhile.

Mr. and Mrs. George Helmers of Poth were here for the weekend for a visit to her sister Mrs. A. E. Henseland Mr. Hensel.

Tracy —

Caffeys Host Sunday Guests

By Mrs. Willie Schwarz
Mr. and Mrs. Fred Green and sons Brad and Brady of Belton and Mrs. Bruce Green of Temple were Sunday guests of Mr. and Mrs. Lenza Caffey.

The Little River San Gabriel Soil Conservation District has purchased a sodding machine for use in the east district. Anyone who wants to use it may contact William Farmer, San Gabriel or call Thorndale TW 4-3045.

Mrs. Marie Dyer of Minerva spent a few days with her son - in-law and daughter, Mr. and Mrs. Wayne Caffey.

Mr. and Mrs. Ray Green accompanied by Mr. and Mrs. Jerry Nabours visited in Temple Sunday with Mr. and Mrs. Ray Armstrong and Clyde Lawson, a patient in Kings Daughters Hospital.

Mr. and Mrs. George Young Jr. and children Steve and Judy of Caldwell were Sunday visitors of his parents Mr. and Mrs. George Young Sr.

Mrs. Lenza Caffey and sister, Mrs. Lillian Garner of San Gabriel were in Temple last Thursday to be with their sister Mrs. Lucille Ash, who has had surgery in Scott and White Hospital.

The HD Club met this week with Mrs. Roy Harris of Rockdale.

Mrs. Otis Charles and Mrs. Willie Schwarz spent Saturday with their sister Mrs. Theda Albrecht of Rockdale.

Mr. and Mrs. David Pope of Houston were weekend guests in the home of Mr. and Mrs. Bill Pope of Friendship and Mr. and Mrs. Otis Charles.

Mr. and Mrs. John Culp and children, Francis, Don and Robert spent Sunday with her parents Mr. and Mrs. Otis Charles.

Rogers Faculty

Attends Meeting

ROGERS — The faculty of the Rogers Public Schools headed by Supt. and Mrs. B. F. Harbour were in Austin Friday attending the annual meeting of District X of the Texas State Teachers Association.

All schools were dismissed for the day in order that teachers might go. The teachers of Burke Elementary school attended their district meeting at the same time.
